**I. Background on the Kansas Plan**

The Abandoned Mine Land Reclamation Program was established by Title IV of the Act,

(30 U.S.C. 1201 et seq.) in response to concerns over extensive environmental damage caused by past coal mining activities. The program is funded by a reclamation fee collected on each ton of coal that is produced. The money collected is used to finance the reclamation of abandoned coal mines and for other authorized activities. Section 405 of the Act allows States and Indian tribes to assume exclusive responsibility for reclamation activity within the State or on Indian lands if they develop and submit to the Secretary of the Interior for approval, a program (often referred to as a Plan) for the reclamation of abandoned coal mines. On February 1, 1982, the Secretary of the Interior approved the Kansas Plan. You can find background information on the Kansas Plan, including the Secretary's findings, the disposition of comments, and the approval of the Plan in the February 1, 1982, Federal Register (47 FR 4513). You can find later actions concerning the Kansas AMLR Plan and amendments to the Plan at 30 CFR 916.20 and 916.25.

## **II. Description of the Proposed Amendment**

By letter dated February 23, 2016 (Administrative Record No. KS-628), Kansas sent us an amendment to its AMLR Plan under SMCRA (30 U.S.C. 1201 et seq.) at its own initiative. Below is a summary of the changes proposed by Kansas. The full text of the Plan amendment is available for you to read at the locations listed above under

### **ADDRESSES.**

Kansas proposes to revise its Plan by modernizing it and encompassing the November 14,

2008, changes to the Federal regulations. The revised Plan addresses all the Federal requirements found in 30 CFR 884.13 regarding content of proposed State reclamation plans.

### **III. Public Comment Procedures**

We are seeking your comments on whether the amendment satisfies the applicable Plan approval criteria of 30 CFR 884.15. If we approve the amendment, it will become part of the State Plan.

#### Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see **DATES**) or sent to an address other than those listed (see **ADDRESSES**) will be

included in the docket for this rulemaking and considered.

#### Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment - including your personal identifying information - may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### Public Hearing

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., c.t. on [Insert date 15 days after date of publication in the FEDERAL REGISTER]. If you are disabled and need reasonable accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or her

comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

#### Public Meeting

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

#### **IV. Procedural Determinations**

##### Executive Order 12866 – Regulatory Planning and Review

This rulemaking is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866.

### Other Laws and Executive Orders Affecting Rulemaking

When a State submits a Plan amendment to OSMRE for review, our regulations at 30 CFR 884.14 and 884.15 require us to hold a public hearing on a Plan amendment if it changes the objectives, scope or major policies followed, or make a finding that the State provided adequate notice and opportunity for public comment. Kansas has elected to have OSMRE publish a notice in the Federal Register indicating receipt of the proposed amendment and soliciting comments. We will conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.
